Dear Josh:

Dow Corning is pleased to support Rollinger Companies using Dow Corning Construction Sealants for their work. Rollinger Companies has been applying Dow Corning Construction Sealants on projects in the Montana area. Rollinger Companies has been purchasing these sealants from Smalley & Company for many years and installing them, to our knowledge, according to Dow Corning guidelines. Dow Corning and Smalley & Company are available to help chosen contractors work on projects and apply Dow Corning materials in accordance within Dow Corning specifications, should this be needed.

I trust this satisfies your inquiry and if you or your customer have any questions, please contact me at 415-971-6006.

Sincerely,

Matthew L. Schafka
